

Canaan
PALESTINIAN FAIR TRADE

With Canaan Fair Trade, you get assurance we are dealing directly with our Palestinian farmers in an ongoing long-term partnership. Canaan buys all our farmers' production, in good years and bad. This means they can plan for their future: planting crops, educating their children, building their lives.

FROM OUR FIELDS
TO YOUR TABLE

Canaan Fair Trade markets certified organic & fair trade olive oil and other delicacies from Palestine.

Canaan has transformed olive farming in this conflict region from a losing practice to a profitable economic activity, creating a sense of hope that has encouraged families to invest in their farms once again.

Canaan sources its olive oil and foods from a network of 52 cooperatives organized by the Palestine Fair Trade Association with a membership of over 1700 farm families. Canaan bottles and finishes all products in Palestine, thus spreading these benefits to our Fair Trade factory workers.
